Professional Summary

Front-End Developer with nearly 2 years of experience building responsive, high-performance web applications for Saudi market and international clients. Delivered 10+ production projects with modern UI/UX design, animations, and seamless user experiences. Strong expertise in React.js ecosystem with TypeScript, and foundational backend knowledge for effective full-stack collaboration.

Technical Skills

- **Frontend:** React.js, TypeScript, JavaScript (ES6+), Redux, HTML5, CSS3, Tailwind CSS, Material-UI, Framer Motion, Responsive Design, UI/UX Design (Figma)
- **Backend:** Node.js, Express.js, RESTful APIs, MongoDB (understanding of backend integration and API consumption)
- **Tools & Others:** Git, GitHub, Vercel, Postman, npm/pnpm, Agile Methodologies, Performance Optimization, Cross-browser Compatibility

Professional Experience

Freelance FullStack Engineer

- Developed 10+ responsive web applications for Saudi clients (e-commerce, marketing, real estate) with modern UI/UX, animations, and pixel-perfect implementations from Figma/XD designs
- Integrated payment gateways (Moyasar, Stripe), authentication systems, and collaborated with backend teams for seamless API integration
- Optimized applications for performance, achieving 90+ Lighthouse scores and significantly improved load times

Remote
Nov 2024 – Present

Sahl Solutions, Front-End Developer

- Built responsive fintech web applications with React.js and TypeScript, focusing on user experience and accessibility
- Optimized application performance by 40%, reducing load times through code splitting, lazy loading, and bundle optimization
- Collaborated with designers and backend developers to implement complex features and maintain scalable component libraries

Remote, Riyadh
May 2024 – Feb 2025

Web Masters, Front-End Development Intern

- Built 20+ responsive projects, mastering React.js ecosystem, modern CSS frameworks, and component architecture
- [View Certificate](#)

Remote
Sep 2024 – Dec 2024
